

HAWKER SCHOOL

Adventures Through Learning

Dear Parents and Carers,

As part of our ongoing work towards strengthening the culture of learning at Hawker School and improving student outcomes in mathematics, we are hosting a Mathematics Workshop for parents of students in Kindergarten-Year 2. The content focus of these workshops will be based on the Australian Mathematics Curriculum and will include the foundation concepts of place value, addition strategies and subtraction strategies. These sessions will provide parents with an understanding of the mathematical concepts, the strategies used to develop students' skills in this area and the mathematical language commonly used when teaching these concepts in the classroom.

We are inviting participating parents to bring their child/ren along to each session. While the parents are learning the concepts, the children will also be developing their understanding of the concepts by engaging in related hands-on activities and games. At the end of each workshop session, parents and children will have an opportunity to share their learning by engaging in these hands-on activities together

Please note, we will make the required preparations to ensure we are adhering to Covid safe practices by allowing for social distancing and providing hand sanitiser for parent and student use. We will ask participating parents to register their attendance through the Check In CBR app at each session.

Come along to our mathematics morning workshops to learn about some of the best ways you can encourage and support your child with maths at home. The **K-2 Mathematics Workshop** will be held on Tuesday mornings from 8:00am-8:45am. Each workshop will be delivered over two sessions. You may elect to sign up for one of the following workshop series. There will be a maximum number of participants set at 20 families for each series to ensure we are able to social distance and provide adequate opportunities to engage in learning. Please return the completed RSVP to secure your spot.

K-2 Mathematics Workshop RSVP

Workshop Series #1	Session 1 Date: Tuesday, 11 th May (Week 4) Time: 8:00-8:45am Topic: Place Value	Session 2 Date: Tuesday, 18 th May (Week 5) Time: 8:00-8:45am Topic: Addition and Subtraction Strategies
	Parent name: _____ Contact number: _____ Student: _____ Class: _____	
Workshop Series #2	Session 1 Date: Tuesday, 25 th May (Week 6) Time: 8:00-8:45am Topic: Place Value	Session 2 Date: Tuesday, 1 st June (Week 7) Time: 8:00-8:45am Topic: Addition and Subtraction Strategies
	Parent name: _____ Contact number: _____ Student: _____ Class: _____
